

ST. ELIZABETH MEDICAL CENTER

123 Health Way, Medical City, MC 54321
Department of Cataract Surgery

OFFICIAL MEDICAL RECORD

Patient Name: Jane Smith
Date of Report: January 08, 2026
Procedure Category: Cataract Surgery

Clinical Information

ICD-10 Codes: H25.12 (Age-related nuclear cataract, left eye)
CPT Codes: 66984 (Extracapsular cataract removal with insertion of intraocular lens prosthesis)
Estimated Cost: \$3,650

Clinical Justification

Patient experiences blurred vision and decreased color perception in the left eye. Examination shows significant cortical cataract. Visual acuity is 20/70.

Detailed Treatment Planning

Ultrasound biometry for IOL sizing. Surgical removal of cataract via phacoemulsification. Placement of a posterior chamber intraocular lens. Post-op antibiotic and steroid drops prescribed.
