Patient Name:	Divya Singh	Patient ID:	SEM-2026-1024
Date of Birth:	07-09-1999	Date of Record:	2026-01-08
Gender:	Female	Status:	Elective / Cosmetic

Clinical Information

Proposed Procedure:	Cosmetic Liposuction
CPT Code:	15877
Diagnosis (ICD-10):	E66.9

Estimated Billing Details

Description	Amount (INR)
Cosmetic Liposuction (Abdomen & Thighs)	■ 200,000.00
Facility Fees	■ 70,000.00
Anesthesia	■ 30,000.00
Compression Garments	■ 20,000.00
Total Estimated Cost	■ 320,000.00

Clinical Justification

Patient requests liposuction for abdominal contouring and fat reduction in the thigh area. Current BMI is 28.5 kg/m² (Overweight). There are no functional impairments or underlying medical conditions that necessitate this procedure. The request is primarily for aesthetic improvement and body sculpting.

Detailed Treatment Planning

- Day-care procedure under IV sedation.
- Suction-assisted lipectomy of the abdomen and bilateral thighs.
- Recovery in post-op ward for 4 hours.
- Home discharge with compression garments.
